

Onkyo SOTEC to Launch New Notebook Products in JAPAN

Onkyo SOTEC in Japan will put on the market new SOTEC R504 Notebook. Available from July 2nd, you'll be able to get Windows 7 upgrade.

Designed in 5 different colours, the High-end model (R504A7B) features a 15.4" LCD Monitor, an Intel Core 2 Duo P8700 CPU (2.53GHz), 4GB of DDR2-800 RAM, 500GB of HDD, as well as an Nvidia GeForce 8200M G, a DVD SuperMulti Drive, 3USB Ports and runs on Windows Vista Home Premium...

15.4" Notebook

WiMax Ready Netbook, Onkyo's SOTEC C204A5

And here's another WiMax ready Netbook, this one is from Onkyo, the SOTEC C204A5, featuring both WiFi and WiMax. This little Netbook is powered by ATOM N270 CPU, Intel 945GSE Express, 1GB RAM, 32GB SSD, and the usual 10.1" LCD.

SOTEC DC204A3, Onkyo's 32GB SSD Netbook

It's been a while since Onkyo updated their Netbook line-up, and the wait was worth it... Here's the DC204A3, a nice Netbook powered by Atom N270, Intel 945GSE Express, 1GB RAM, a 10.1" LCD with a 1024x600 resolution, WiFi, web cam, D-SUB and Ethernet via USB dongle and a 32GB SSD.

The SOTEC LA21TW-01S Onkyo's latest 21.5" Full HD (1920 x 1080)... What's so special? Well it's the monitor sold with the S503 Series Desktop PC that can be now bought alone.

Anyway, it has a HDMI and DVI-D port, a 1000:1 contrast ratio and a brightness of 300cd/m2, and an integrated 1.6Wx2ch speaker.

Onkyo's 21.5" Full HD LCD Monitor

Audio Gallery, Coimbatore

"We are an established outlet in Coimbatore and deal in a wide range of consumer electronics, including high end audio. Among the brands we have dealt, we have found Onkyo to have the highest level of acceptance. We have always been impressed by the company's commitment and excellent service support. All our customers having bought Onkyo have been satisfied customers, and have provided us further references. As a 65 year old brand, it is no surprise that Onkyo is a pioneer in the industry with its standards of quality and customer support. We wish Onkyo many more years of success"

Next BIG THING

ONKYO

Onkyo presents the marvel of pure sound A-5VL and C-55VI, audio CD/CD player. The above is sold as a single item - Pre-main amplifier. It has been developed to playback pure audio without any distortion. The A-5VL model was developed with exclusive 'VL Digital' technology, that produces a mind blowing experience. For real performance, comparable to a singer in a concert hall, who enjoys the music in full glory, this series gives out a sound reproduction that is unmatched. This is made possible by 'VLSC' and clock circuit expertise, which produce the magic of pure audio.

DIGITAL BYTES

The first Headphone was manufactured by Brandes in 1919, which was used for radio work. Today we have a range of headphones for CD Players, PC's, Mobile Phones, Home Theatre, Cordless phones, MP3 player etc.

There are various types of Headphones like circumaural, Supra-aural, earbud and in-ear.

Headphones are a boon to enjoy music in privacy.

They also generate a unique sound quality than what loudspeakers can provide. Apart from listening pleasure, headphones are in wide use by professionals such as musicians, DJ's, Military, Police, Communication providers etc.

Did you Know?

The first stereo transmission was made telephonically by Clement Ader in 1881.

The BBC made the world's first stereo broadcast in 1925.

Harvey Fletcher of Bell Laboratories invented the technic for stereo recording and reproduction.

EMI brought out the first stereo test disc in 1933

HH Scott was the first stereo tuner sold in 1961.

TX-SR577

7.1-Channel A/V Surround Home Theatre Receiver

The TX-SR577 rewrites the rules of affordable home theatre by combining superb video processing, convenient connectivity, and 7.1 channels of spectacular high-definition audio. With its four HDMI 1.3a inputs, the TX-SR577 lets you hook up, say, a Blu-ray Disc player, an HD set-top box, an upscaling DVD player, and a PlayStation® 3 gaming system. HDMI is also the conduit for the superb, master-quality audio of Dolby® TrueHD and DTS-HD Master Audio™. The very latest Dolby technology, Dolby® Pro Logic® IIz, gives you the option of incorporating front height channels to enhance the spatial sensation of music, movies, and video games. When it comes to balancing volume levels and customizing the multichannel soundstage to the dimensions of your room, the TX-SR577 employs a suite of intelligent Audyssey surround-sound listening modes. Rounding out this versatile A/V receiver is a rear-side universal port that lets you connect an optional Onkyo Dock for the iPod or Onkyo DAB+ Radio Tuner.

TX-SR707

7.1-Channel A/V Surround Home Theatre Receiver

Building on Onkyo's fine legacy in the popular mid-range AVR category, the TX-SR707 offers a wealth of audio and video features that combine to earn it the prestigious quality assurance of THX® Select2 Plus™. On the connectivity side, six HDMI™ 1.3a inputs handle all your high-def sources, while also transporting video signals upscaled to 1080p via Faroudja DCDi Cinema™. Along with the pristine, lossless audio of Dolby® TrueHD and DTS-HD Master Audio™, the TX-SR707 handles two new surround formats: Audyssey DSX™ and Dolby® Pro Logic® IIz. These formats open up an immersive vertical dimension for games and movies, and bring more flexibility to your speaker set-up. As well as advanced Burr-Brown audio DACs, the TX-SR707 incorporates Audyssey equalization technologies to ensure an audio balance that fits your room like a glove. Peripheral devices are looked after by a Universal Port, while a customizable remote controller puts you firmly in charge. Pound for pound, the TX-SR707 stands out as a muscular and versatile middleweight contender.

HT-S6200

7.1-Channel Home Entertainment Receiver/Speaker Package (with Dock for the iPod)

A Powerful and Versatile Home Theater Package with the Latest in Advanced Audio Processing

Opting for the convenience of packaged home theater doesn't mean you have to compromise on quality. With the new HT-S6200 receiver/speaker package, you get advanced A/V processing and amplification with the Onkyo stamp of

reliability. The receiver's four HDMI™ 1.3a inputs handle 1080p video as well as high-definition surround-sound codecs by DTS and Dolby. Compatibility with Dolby® Pro Logic® IIz gives you the option of incorporating front height channels into your home theater set-up. Meanwhile, onboard Audyssey equalization and volume technologies adapt the soundstage to the dimensions of your room and maintain clarity at different loudness levels. A proprietary Universal Port allows single-cable connection of the included Dock for the iPod or an optional Onkyo DAB+ Radio tuner. Low-end frequencies are handled by a 290 W powered subwoofer, while seven finely matched surround-sound speakers ensure that, whatever playback component you hook up, the HT-S6200 will deliver a fully immersive home theater experience.

CUSTOMER SPEAK

Prashanth Siddalingappa
"I purchased my first Onkyo system 10 years back and due to the excellent product quality, service and support. I've been a repeat customer and strongly recommend Onkyo. They constantly keep me updated on all new product launches and also help me to upgrade old products to latest products." Prashanth Siddalingappa, Businessman, Bengaluru

K V Anand
"I upgraded my hometheater systems after 6 years with Onkyo's latest receiver and 7.1 Klipsch speakers. Onkyo is a very capable, feature laden receiver. The multitude of listening modes, the THX certification, and it is future bound with 4 HDMI inputs and 1080p upscaling attracted me to go for it. Audyssey mic makes speaker calibration a breeze. The sound is crisp and luscious when I listen to music and enveloping when watching a movie. Don't go for the grey market receivers, the difference in price will be nowhere closer to Onkyo sight & sound India pvt. Ltd quality and service standard." K V Anand, Film Director and Cinematographer, Chennai, India.

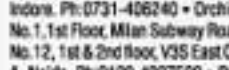

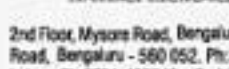

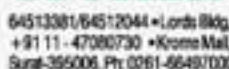

SMS Onkyo to 56767

Onkyo India brings you yet another innovation, this time it's a newest form of providing customer service whenever and wherever you need it. Simply SMS **Onkyo** space your query to **56767** and receive an instant response.
